

A Letter from the Warren Post Office.....

Dear Warren Postal Customer:

To better serve you and our community we are adjusting carrier routes in Warren. While some customers may notice a change in delivery times, our commitment to quality service remains unchanged.

The Postal Service examines all carrier routes periodically. Special attention is paid to mail volumes, energy conservation measures and the most efficient use of resources.

The Postal Service's goal is to give customers efficient high-quality services and provide excellent customer experiences. The employees of the Warren Branch Post Office share that goal and are proud to provide the best possible postal services to every resident and business in the community.

We value our customers, appreciate their business, and welcome any comments you may have by contacting our Warren Post Office branch at 908-222-3534.

Sincerely,

Edward Quinn
Manager, Post Office Operations
U.S. Postal Service Northern New Jersey District
