Recreation Calendar 2019

From the Director's Desk:

An integral part of the development of our youth is the many choices they have in Sports. As important as Academics, their sport experience helps make them an all rounded adult. An important ingredient in this formula is a 'Supportive Parent'. In this day and age it may be more difficult for parents to be directly involved, but there are many ways to be supportive. Please read the attached article and see what and how it is to be a supportive parent.

Thank you,
Joseph J. Passaro
