Township Committee Supports Mayors for "Main Street" Initiative

The Warren Township Committee is pleased to support the Mayors for "Main Street" initiative.

The Mayors on "Main Street" Alliance, consisting of 18 Mayors representing Somerset, Morris, and Warren Counties, recently forwarded a letter to State and County officials describing initiatives that must be taken to open our State economy.

The mission of the Mayors on Main Street is to advocate for a safe opening of businesses that have been impacted by COVID-19.

The Warren Township Committee supports the swift and appropriate reopening of Warren Township businesses in order to begin the return of some normalcy to our business.
